

St Marys Well and Betty's Path Spring 2023

9th March 2023.

One of our members, Arfon, visited St Marys Well and walked along Betty's Path to inspect the bulbs he planted last year. Some of the daffodils and snowdrops are out in bloom, so Spring has arrived. Arfon took several photos of the well and path which are attached below.

If you are in the area, please take a few minutes to enjoy these two locations that the History of Deganwy Group members help to maintain. If you would like to be involved in this project please contact the committee.
